HOW THIS DIRECTORY IS PUT TOGETHER

We gather publicly available information: address, phone number, concept and culinary direction. It is not a ranking and not a review – the order says nothing about quality. What makes a place worth visiting is decided over dinner, not here.

Opening hours change, places close, new ones open. If you notice something that is no longer accurate, drop us a line at beef@steakhouse.lu and we will correct it.

DO YOU RUN ONE OF THESE PLACES?

A listing is free. You can claim it, correct it, add opening hours, menu and website, or have it removed.

All of it through the form for restaurateurs.

WHAT IS STILL MISSING

We are expanding the directory step by step – to include butchers with their own ageing, meat traders, farm shops and businesses in the Greater Region around Trier, Thionville and Arlon. Tips are welcome.
